<i>Sum of the final weights changes net sample size (rescaling)</i>	No	<input type="checkbox"/>
	Yes	<input checked="" type="checkbox"/> → please specify target population of rescaling [original weight in country data set rescaled to full South Africa population size, Central Archive normed weight back to net sample size]
<i>Note</i>	[added by Central Archive: South Africa responded to these questions under a different terminology, probably assuming that sampling was at issue, not weighting after sampling. Responses were translated to weighting as applicable by Central Archive.]
