

**ZA Study 4424****Flash Eurobarometer 175****The euro, 4 years after the introduction of the banknotes and coins****Errata Documentation**

- D3/D3B (AGE EDUCATION): No Respondents have been coded to “still in full time education”. For respondents who are probably still in full time education, the respective EXACT AGE (D2) is coded.
- Q3A: Cases coded 0 belong to SPLIT BALLOT B.
- Q3B: Cases coded as missing values (sysmis) belong to SPLIT BALLOT A.
- Q4A / Q4B: Answer categories in the original dataset did not correspond to the questionnaire. Particularly answer category “Neither easy nor difficult, normal” was coded 3 in the dataset but listed as code 5 in the questionnaire. Consequently “Rather difficult” and “Very difficult” were shifted to code 4 and 5 in the dataset. After plausibility checks and comparison with the European Commission’s official report both variables were recoded in accordance with the questionnaire and with the tabular report of the European Commission.
- Q14B: Filter routing is not consistently applied for respondents from Belgium and from the Netherlands.
- Q14B: Inconsistent positive answers (“mentioned”) to both, “Q14B Reinforce Europe in the world” and “Q14B DK/NA”.
- Q14C: Filter routing is not consistently applied for respondents from Belgium.
