Question INTRO Single-Coded. Answered by 262 out of 262

Good %POD%, my name is,I'm calling from ICM Research the independent market research company. We are conducting a research project which requires us to talk to a representative sample of people throughout the country on issues that affect all people. We have selected your telephone number purely at random and would greatly appreciate your help for a few minutes to answer some simple questions.

IF RESPONDENT SOUNDS LIKE THEY WANT TO REFUSE SAY:
 For the purpose of our research project it is most important that we talk to a representative cross section of all people. Therefore, your views are extremely important to us and the interview will only take a few minutes of your time.

IF RESPONDENT STILL SOUNDS LIKE THEY WANT TO REFUSE, SAY:
 If you cannot spare the time at the moment I would really appreciate it if we could call you back at your own convenience over the next ... days. As I say, your own views are very important to us.
