v75: FUT.ARRAN.STATE-REGION

Location:

Width: 1

Question: Q.68
There are different opinions on the arrangement between the central state and the regions in Croatia. What is your opinionon on this?

1 Croatia has to be a unitary state with a strong central state that will take care of the whole country. Regions should not have any independent authority.
2 In Croatia we have to secure the dominant power of the central state over the regions but some limited authorit should be given to the regions.
3 Croatia should be arranged as a decentralized state in which the regions will have large authority. The central

state should have only basic functions that are importan to the state as whole.
4 Croatia should be a federation of regions with independent politics. The central state should only represen the state in international relations.

v80: NECESSARITY OF PARTIES

Location:

Width: 1

Question: Q.73
Do you think that oppositional parties are necessary for democracy to function in Croatia?

1 Parties are not necessary because they are dangerous for the national unity. Only political leaders are needed that will mobilize people.
2 Parties can stay but they are less important than political leaders.
3 Parties are very important for democracy because without political competition and strong parties there is no democracy.
