INTRODUCTION

The SCIP project ("Causes and Consequences of Socio-Cultural Integration Processes among New Immigrants in Europe") is the first comparative survey among new arrivals in Europe. The SCIP project is generously funded by the NORFACE research programme on Migration in Europe – Social, Economic, Cultural and Policy Dynamics. Co-ordinated by Claudia Diehl (University of Konstanz), the SCIP project has been conducted by researchers at Bamberg University, Göttingen University, the Netherlands Institute for Social Research, Utrecht University, Essex University, the London School of Economics and Social Sciences, Trinity College Dublin, and the Economic and Social Research Institute. Data will soon be available at GESIS (Diehl, Claudia; Gijsberts, Mérove; Güveli, Ayse; Koenig, Matthias; Kristen, Cornelia; Lubbers, Marcel; McGinnity, Frances; Mühlau, Peter; Platt, Lucinda; van Tubergen, Frank (2015): Socio-Cultural Integration Processes of New Immigrants in Europe (SCIP) – Data file for download. GESIS Data Archive, Cologne, ZAXX Data file Version XXX, doi: XXX).

The SCIP survey has been conducted in four countries: Germany, The Netherlands, United Kingdom, and Ireland. In a mini-panel design, immigrants have been interviewed 12 months maximum after their arrival (first wave) and one and a half year later (second wave). The following immigrants groups have been selected for interviews: Poles (in Germany, Netherlands, United Kingdom, Ireland), Turks (Germany, Netherlands), Antilleans (Netherlands), Bulgarians (Netherlands), Moroccans (Netherlands), Surinamese (Netherlands), Pakistanis (United Kingdom).

The survey instrument has been designed to cover a wide array of items including migration biography, social networks, religious practices, cultural identities, educational background, and socio-economic positions. To facilitate broader comparisons, questions were adopted from established survey instruments such as New Immigrant Survey, the European Social Survey, or the World Values Survey.

This document presents the survey instrument used in the first wave, conducted in 2010/2011. While all interviews were conducted in the respective first languages, the document presents the English language version.

USER INSTRUCTIONS

The SCIP questionnaire document presents the survey instrument used by all countries in the first wave, conducted in 2010/2011. The document is designed not only to present an overview of all questions but also to facilitate use of the SCIP dataset. Therefore, it includes questions wording, interviewer instructions and answer categories as well as information on variable names, labels and values, on filters, and on country-specific questions which help users navigate the datasets of each country. The following chart gives instructions on how to read the information contained in the questionnaire.

RDrecS	We'd like to ask for YOUR help in recruiting more people to take part in our study. We're interested in the people you know in THIS area who, like you, are from CO and have moved to Britain in the last 18 months. You can recruit anyone in the area who fits the description, regardless of when you saw them last. By recruiting these people for us, you can receive another £5 voucher for each person you know who is then interviewed. We have information here to help you so it really is very simple. Do you know anyone from CO in this area that you would be happy to recruit?	No	1
		Yes	2
		Doesn't know anyone who has moved in the last 18 months	3
		Don't know	*-98*
		Refused	*-97*

if RDrecS=1			
RD3a	That's ok if you don't know any new arrivals in Britain. Unfortunately, that means we can't give you any other vouchers for recruiting but you MAY be able to help other people from CO. We are also interested in contacting people who were born in CO but arrived in Britain too early to be eligible for our interview BUT who may know other new arrivals from CO. If you could pass on an information leaflet to someone from CO who LIVES IN THIS AREA has been in Britain LONGER than 18 months you could give THEM the opportunity to receive up to £15 for recruiting new arrivals like yourself. Would you be willing to do this?	No	1
		Yes	2
		Doesn't know anyone eligible	3
		Don't know	*-98*
		Refused	*-97*

ASK ALL following fieldwork change June 2011			
RD1F	Of the [CO] people you know in London and who are aged 18 years or more and have arrived in Britain in the past 18 months, how many of these can you provide a name and number for?	1	1
		2	2
		3	3
		Doesn't know anyone who meets the criteria	*7*
		Doesn't know their contact details	*8*
		Refused/unwilling to provide contact details	*-97*

I. TRACKING DETAILS

LEAD: One of the aims of this survey is to find out how the living situation of people who have moved to RC changes over the course of time. We would therefore like to conduct a short phone interview with you in about 18 months.

Because of the length of time in between each interview, we need to collect some information that will make it easier for us to reach you when it is time to do the next interview. It is very important that we know where we may contact you next time.

Questions for GER, IRE and NL:
