To the selected respondent

We hope very much that you will agree to participate in this important study - the sixth in this annual series. The results are published in a book each autumn. The study consists of this self-completion questionnaire and an interview. Some of the questions are also being asked in ten other countries, as part of an international survey.

Completing the questionnaire

The questions inside cover a wide range of subjects, but each one can be answered simply by placing a tick (✓) or a number in one or more of the boxes. No special knowledge is required: we are confident that everyone will be able to offer an opinion on all questions. And we want *everyone* to take part, not just those with strong views or particular viewpoints. The questionnaire should not take very long to complete, and we hope you will find it interesting and enjoyable. It should be filled in by the person selected by the interviewer at your address. The answers you give will be treated as confidential and anonymous.

Returning the questionnaire

Your interviewer will arrange with you the most convenient way of returning the questionnaire. If the interviewer has arranged to call back for it, please complete it and keep it safely until then. If not, please complete it and post it back in the pre-paid, addressed envelope as soon as you possibly can.

Thank you for your help.
