

The European Values Study Foundation and the World Values Survey Association

Data file: Integrated Values Surveys (IVS) 1981-2022

Constructed from the *European Values Study 1981-2017 Trend File* and the *World Value Survey 1981-2022 Trend File*.

Conditions of use

Restrictions

The data are available without restrictions, provided that

1. They are used for non-profit purposes (scientific publications, research, teaching and similar)
2. Data files are not redistributed
3. Correct citations are provided wherever results based on the data are published. In addition, a bibliographic citation or electronic copy of each completed report, article, conference paper or thesis abstract based in part or entirely on these data files is provided to EVS and WVS. This citation will be made freely available.

EVS: Please send your bibliographic citation to [EVS Repository](#).

WVS: Please send your bibliographic citation to [WVS Repository](#).

Confidentiality

In accordance with data protection regulations in participating countries, only anonymous data are available to users. Therefore, before depositing data to EVS and WVS, each national team has been responsible for checking their data with confidentiality in mind. Anonymity is also maintained after the merging of data files.
