Date of Interview: Day _____ Month _____

Introduction (Ask for named respondent)

Good morning/afternoon/evening. I am from the Economic and Social Research Institute in Dublin. We are carrying out a survey of people's opinions on a variety of social issues. You were included in a national sample taken at random from the Electoral Register. This is an international study whose aim is to find out exactly what the public thinks on these issues, so that planning by the Government and other bodies can be made as effective as possible. It is only the help of many people like yourself in answering some questions that makes this work possible. The interview will take about forty minutes to complete. I can assure you that all answers will be treated in the strictest confidence by the Economic and Social Research Institute. We are interested in the number of people who think in various ways, not in any individual's view as such.
